

# At Players Edge ON-NET

Each Player is Taught, by Professional instructors, the proper technique that'll make their shots harder, faster, released quicker and more accurate. Our staff breaks down each shot

into small understandable steps allowing each player to become a better, more confident shooter.

Players edge is in it's 28th season of conducting camps and clinics throughout the United States. In each camp, the skill that required the most correction, was a player's shooting technique. This 1-day clinic will cover 8 different shots in many game drills. There is no age limit, only that you must now be playing hockey. We will take the first 8 goalies, this clinic will not have a goaltending instructor, but goalies will receive 100's of shots + game situations

# "He Shoots...He Scores!!"

In this Clinic you will work on taking:

## Harder Wrist & Snap Shots

.Using all of your body weight, strong bottom hand and follow through to the target...We'll teach you to take a Wrist and Snap shot with more speed

and a quicker release. Our staff will take you step by step to help

with proper drive off the correct leg, and puck movement prior to shooting.

## Quicker Backhands

At Players Edge "On-Net", our staff will show

the proper way to shoot a backhand. Using upper body twist and driving through the puck from the hip, shots will be faster and "heavier" on net.

## More Powerful Slap Shots!

We will work with you on all the necessary steps to taking a great Slap Shot! From hand and puck position, to aggressively driving through the puck and hitting the net. Players that are Mites/Squirts will learn a similar version without the stick height. All players will work on the proper stick and blade position critical for taking a more powerful Slap Shot!

Other situations included in this clinic:

- DEEKS & BREAKAWAYS
- CATCH & RELEASE SHOTS
- "ONE TIMERS"
- REBOUNDS

## Radar of your Wrist and Slap Shots!!!
